

INVESTMENT POTENTIAL OF THE CRIMEAN PENINSULA

The Crimean Peninsula is a unique and strategically important region of the Russian Federation in the Azov-Black Sea region.

The Crimean Peninsula is one of the largest tourist and health resort centers in Russia. The region is home to Russia's main shipbuilding facilities in the Black Sea. Favorable natural and climatic conditions and the special geopolitical position of the Crimean Peninsula constantly attracted residents from other regions of Russia and different countries of the world to the region for rest, treatment and permanent residence.

Advantages of The Crimean Peninsula, which help the investor to make a decision on investing in investment projects planned for implementation on the territory of the Crimean Peninsula, are:

- favorable economic and geographical position of the region.
- developed transport and energy infrastructure (international airport «Simferopol», well-developed railway transport network, non-freezing seaports).
- various sanatorium-resort, natural-recreational, cultural resources.
- developed public infrastructure.
- developed industrial infrastructure include industrial parks of a wide specialization profile.
- the operation of a free economic zone on the territory of the Crimean Peninsula;
- provision of preferential loans.

Priority sectors for investment:

- tourism and health resort treatment.
- agro-industrial complex.
- construction.
- industry.
